Victoria University of Wellington

Bachelor of Science - Computer Science

Graduated in 2021

About Me

I am an easy-going but determined developer looking to take the next step in my career. I am keen to find a role where I can apply my knowledge and skills in an area that I am passionate about.
I enjoy working collaboratively, and I am also comfortable in self-directed development.

Professional Experience

Toitū Te Whenua Land Information New Zealand

Developer | *February 2021 – Present*
Developer Intern | *November 2020 – February 2021*

In my time at LINZ I have been working as a full stack developer in the rebuild of Landonline.

I have been involved in the development of the following functionalities:
- Internal and external survey applications
- Shared LINZ UI Libary

I have implemented the following tools into my team's processes:
- Storybook
- Chromatic regression testing
- Open API contracts

I am proud of the following achievements in my work:
- Supporting the establishment of a new development team
- Successfully implementing a geodetic data extraction tool to enchance the reliability of our integration testing environments

Recent Awards and Development

2022   Rotary Youth Leadership Awards

Development of professional teamwork and communication skills over a 5-day course

2021   Wright Award - LINZ

Monthly award to recognise outstanding achievement - awarded in November for my work implementing storybook and chromatic

2020   Outward Bound - Batten 661

21-day personal development course focussed on strengthening resilience, confidence, and identity
